

# THE FUTURE OF CITRUS COUNTY

With the Suncoast Parkway coming, change is going to happen whether we want it or not. So let's turn the conversation to: what do we want our future to look like? More gas stations, fast

food, and strip malls? We can - must! - do better! Here's an overview of how a good strategy for the county can benefit us all. Join the conversation and help shape the future of Citrus County.

## STRATEGY

INFRASTRUCTURE

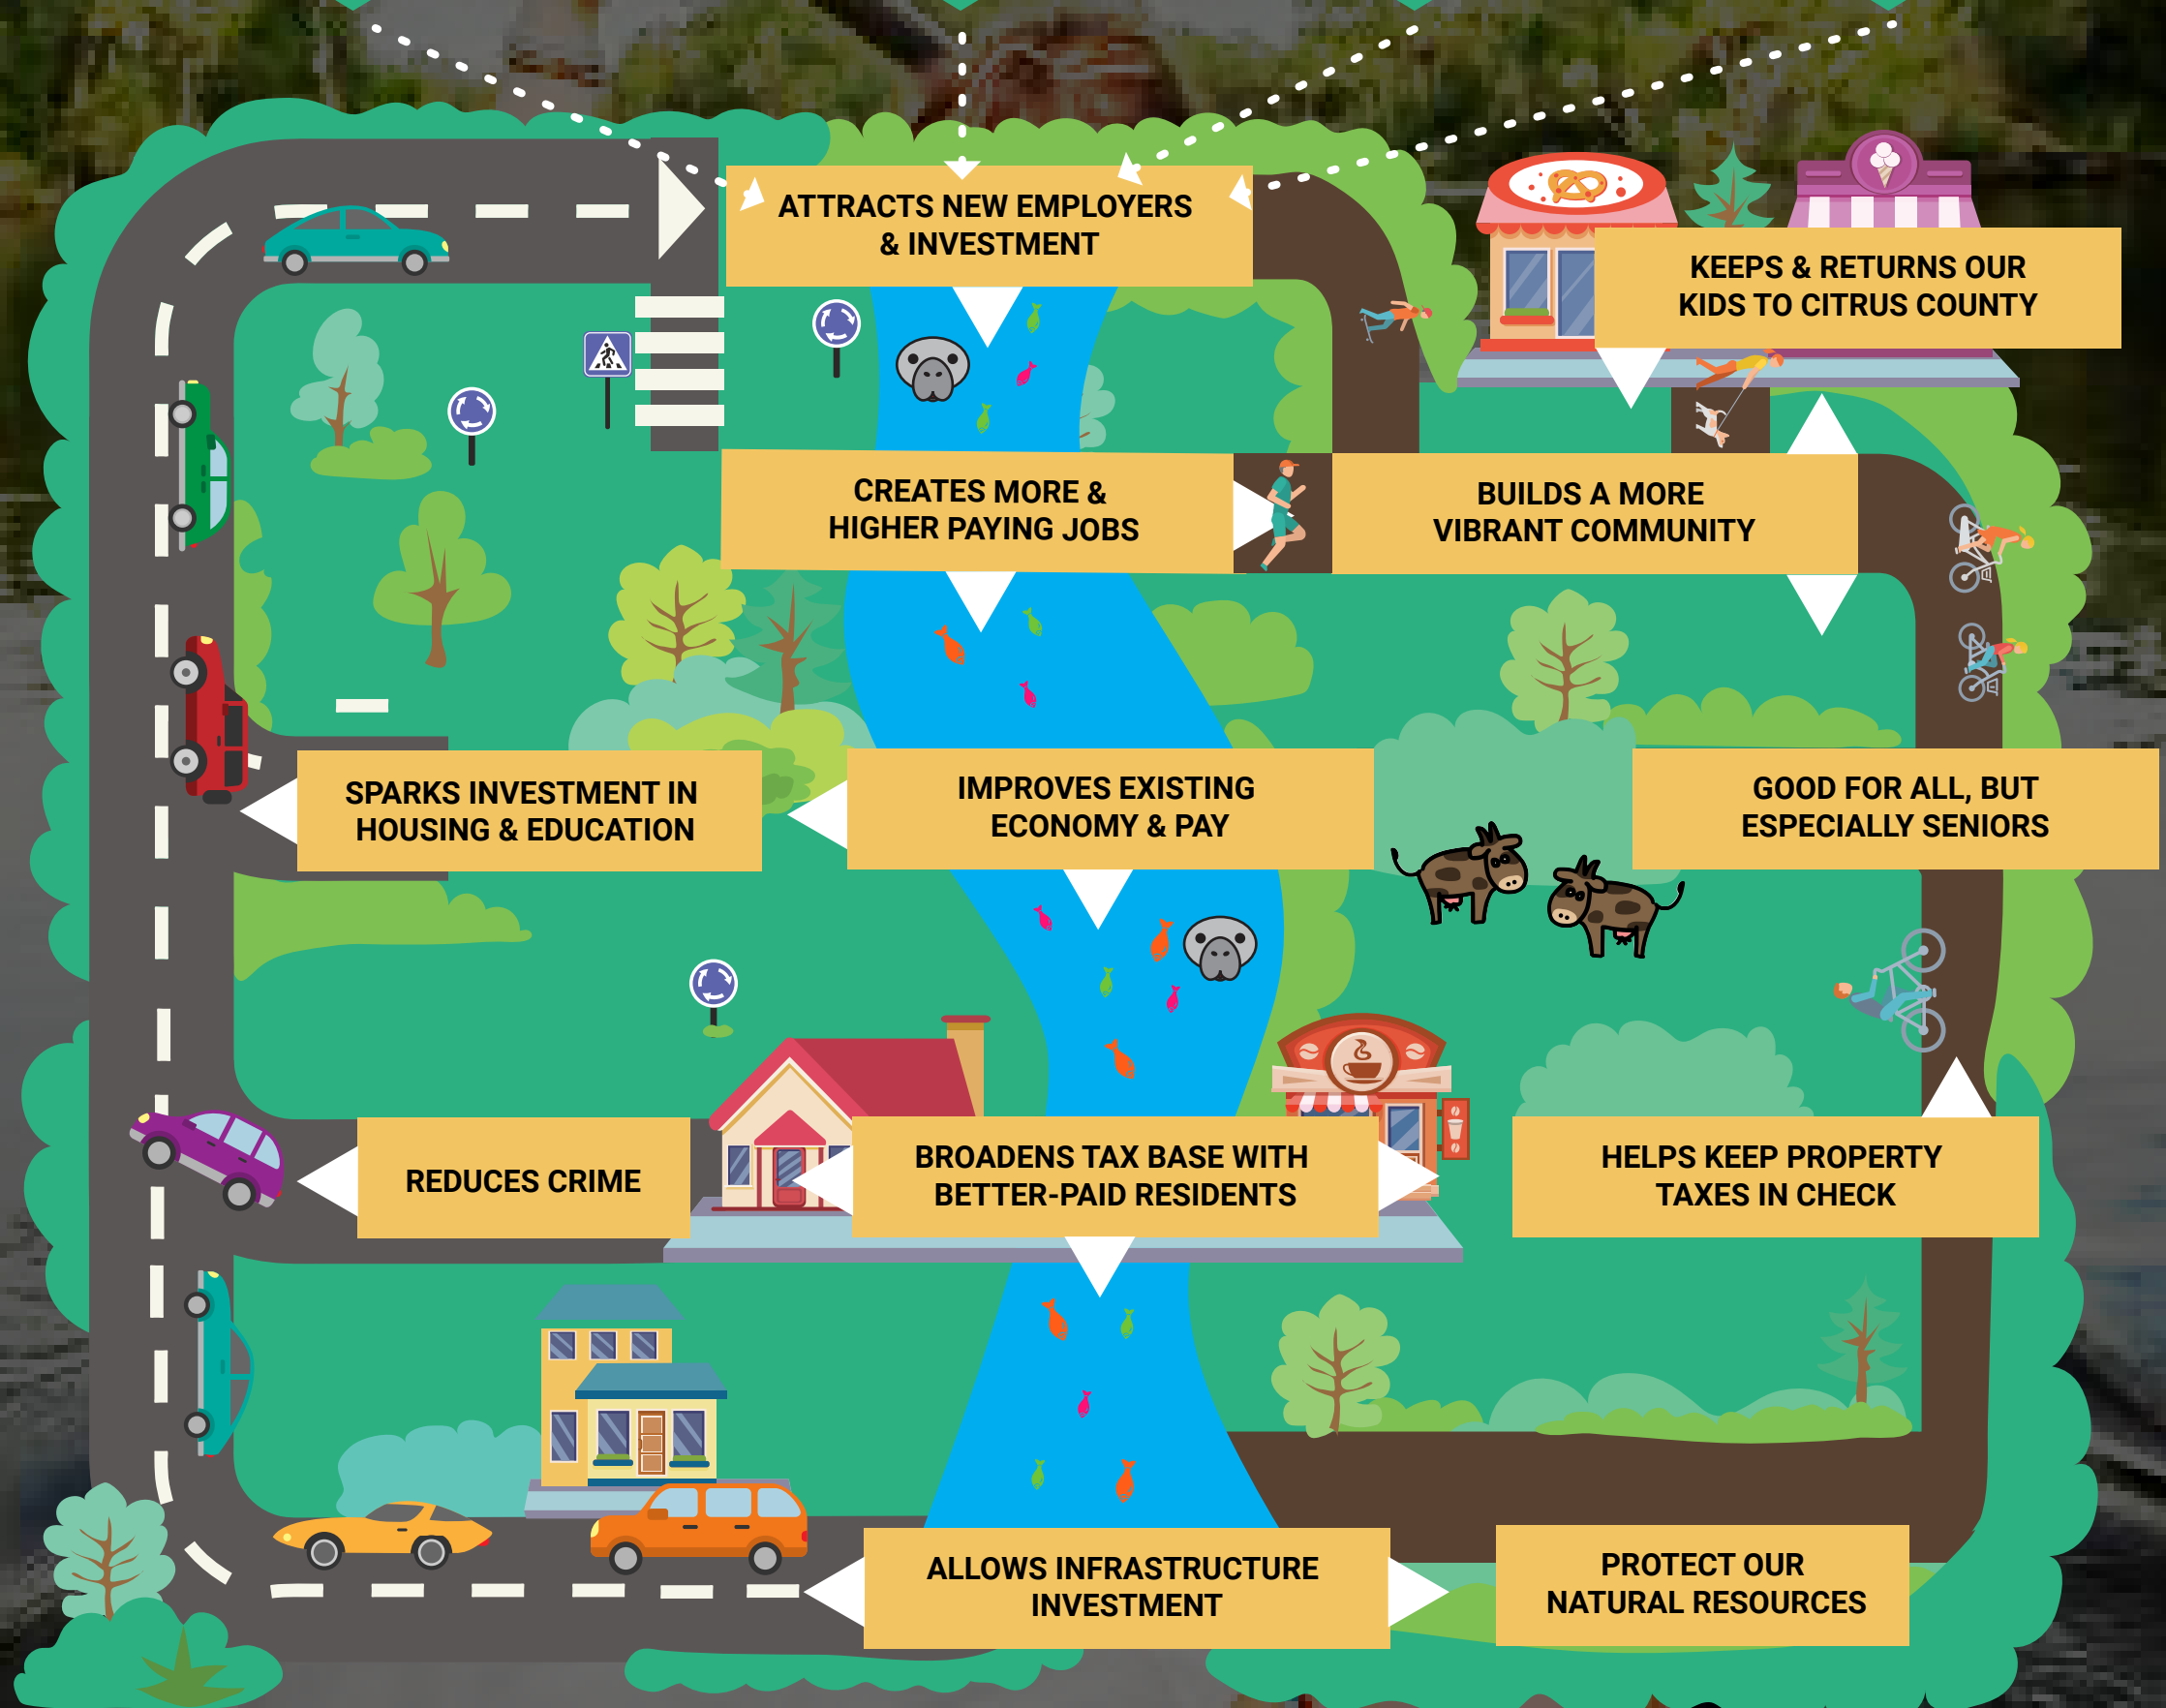

EDUCATION

ZONING

MARKETING

A community must serve all its constituents, and make decisions for the greater good. Easier said than done!

Holly Davis is pro-business, but in a way that is also pro-citizens, who want our beautiful Nature Coast and small town spirit protected.

Without more and higher-paying jobs, we can't attract the young professionals and

skilled trades to live here, who provide the professional and familial support that all of us - and especially seniors - need to thrive.

A lot of smart people and groups in Citrus County have already figured out much of what needs to be done to promote growth while protecting paradise. I ask for your support for County Commission, so I may work for you to help make this happen.
